UNIVERSITY of WASHINGTON

Registration Request for Sexuality & Queer Studies Certificate Capstone

To complete the Sexuality & Queer Studies (SQS) Certificate Program, you will need to register for a 1-credit (C/NC) capstone course with your certificate advisor. To complete the course, you will need to either deliver a public capstone presentation or write a 5000-word essay in which you develop a framework that ties together two papers you wrote for any two of your required courses, re-write or re-submit two essays from those courses, and reflect on what you have learned from the Graduate Certificate and how it has changed and impacted your thinking or career trajectory. Any questions about either the presentation or the essay should be directed to your certificate advisor.

I have contacted my SQS certificate advisor and received their permission to schedule the capstone for the Graduate Certificate in Sexuality & Queer Studies. Please register me for a 1-credit (C/NC) capstone - GWSS 600 Independent Study with my certificate advisor.
